

Galtung-Institut  
for Peace Theory and Peace Practice

## Introduction

The TRANSCEND International - Online Peace University (TPU) offers 12-week online-courses twice a every year. Our courses are addressed to all professionally and generally interested in peace and development work, whether beginners, seasoned practitioners including NGO members, diplomats, politicians, government officials, international civil servants, students, teachers, journalists, social workers, entrepreneurs, lawyers, officers, psychologists, artists etc. Over the years, students and scholars from all these walks of life have studied with TRANSCEND International's Peace University to deepen their understanding of the field and acquire solution oriented skills. In order to find out more details about application formalities, about the online courses in general, about the different subjects that make up the course, or simply, to choose the best course for your profile, please [contact us](#).

## Transcend Peace University

The Transcend Peace University is currently headed by Prof. Johan Galtung, the core founding figure of the academic discipline of peace-studies. The main feature of our work, as specialists in this domain, is the solution-oriented approach. Our faculty members are leading peace scholars and internationally recognized mediators. The purpose of TPU, the educational institute of TRANSCEND, is to impart to our students the knowledge and skills required for professional peace work. TPU equips participants with analytical and practical competence in Conflict-Transformation and Conflict-Resolution. Our methodology draws from more than fifty years of knowledge provided by distinguished researchers and practitioners from all over the world. All Online-Courses are designed for full-time employees or students. The fees per course amount to €500 for participants from OECD-countries and € 250 for participants from non-OECD countries.

## Galtung-Institut

The Galtung-Institut for Peace Theory and Peace Practice (G-I) is located in Grenzach-Wyhlen, Germany. It is a multilingual and independent study, research, resource and training center for peace-theory and peace-practice. Founded in May 2011 by Prof. Galtung and al. the G-I is the on-site reflection of the TRANSCEND International program, a global network of specialists who strive to work for peace, development and environment by peaceful, developmental and ecological means. By offering On-Site seminars and tutorials on Conflict-Transformation and other issues related to peace-studies, the G-I is the physical support of the program of the Transcend Peace University (TPU).
